A message from Jersey Development Company and Groupe Legendre

We are pleased to share our Winter 2022 Newsletter with you all. Within this issue you will find updates and exclusive offers for the new community of Horizon residents, along with the latest drone images.

In October we held the first of three 'Meet the Building Manager' events with our new Property Managers, Maillard & Co. For our residents of Horizon South and West, you can find out when your scheduled introduction meeting with Maillard & Co will be in 2023 on page 6. Both Maillards and JDC look forward to showcasing the development as we move each building forward to completion.

If you're already making plans to furnish your new home at Horizon, then you'll find plenty of inspiration with features and exclusive resident-only offers from MyPad on pages 10 and 11, and Home & Style on page 18. All this alongside an exclusive incentive from The Powerhouse and your very own personal voucher book from Romerils with offers to spend across their store.

In a special feature, Jersey's newest wifi and broadband supplier, Homenet.je explains how to ensure you can stay connected with their internet options for Horizon residents from page 19 onwards.

On page 12 and 13, meet Sam and Sean, two dedicated personal trainers from Fitness First, who give an insight into how best to make a healthy lifestyle part of everyday life at Horizon. To find out more about the benefits of having a personal trainer, scan the QR code on page 14 to book in your free trial.

As always, we hope you enjoy reading our newsletter, and we look forward to keeping you updated as Horizon continues to grow into a brand new waterfront community.

On behalf of the whole team at Jersey Development Company and Groupe Legendre, we would like to wish all our Horizon purchasers and their families a very Merry Christmas and a Happy New Year.

Jersey Development Company and Groupe Legendre

 Doors fitting in progress.

M E E T Y O U R P R O P E R T Y
M A N A G E R A T O U R
O P E N E V E N T S E R I E S

We were delighted to host a well-attended Open Event for Horizon East purchasers on 24th October. New residents were able to meet their property managers, Maillard & Co, and find out more about their role in managing the Horizon development and the process of moving into their new home. Read on to find out more about the Open Events for South and West purchasers.

Meet Maillard & Co - Horizon Open Events at St Paul's Gate:

Horizon South - 1st March 2023

Horizon West - 17th May 2023

What will these Open Events include?

Our Open Events with the Horizon Sales Team and Maillard & Co are there to introduce you to the Maillard & Co team and give you the chance to ask any questions relating to service charge budgets and your new home. These Open Events are designed to be an opportunity for you to understand the moving-in process, and get a fuller understanding of the service charges, what they cover and respond to any questions you may have.

What can residents expect from the Open Events?

Maillard & Co, our Property Managers are there to introduce themselves and explain their role and responsibilities as well as presenting the updated budgets and service charges. Maillard & Co have a great deal of experience in producing accurate budgets for new and existing developments, always ensuring these are balanced to make sure there are sufficient funds to maintain the building but keep costs under control.

What are some of the key benefits of attending an Open Event?

As you get closer to moving into your new home at Horizon, these meetings offer transparency, open up channels of communication between you and Horizon's Property Manager, and enable the Maillard & Co Property Management team to explain the service charges and how the Horizon building will be managed. As Horizon's property managers, Maillard & Co will be acting as the main point of contact for all residents, as well as their roles of regular inspections, management of all contracts, staff, budgets and accounts. They will also be responsible for any repairs and maintenance to the external areas of the property as well as common areas.

How can you attend your Open Event?

Due to capacity, we are holding a separate Open Event for each building, 4-6 weeks prior to occupation, and these events will be held at St Paul's Gate. Put the dates opposite in your calendar, and the Horizon Sales team will send out an invitation to you direct via email, as a reminder a few weeks before the event for your building.

We look forward to seeing you there!

BEGIN YOUR NEW LIFESTYLE AT HORIZON WITH FITNESS FIRST

With the convenience of a gym just a few steps away from your front door, we caught up with Fitness First personal trainers Sean and Sam to discover how best to make a healthy lifestyle part of everyday life at Horizon.

Sam, you're a fitness instructor who is currently studying to become a personal trainer (PT), and Sean, you joined Fitness First at the end of last year, and are just starting to set up your PT business and take on clients - what made you both want to become PTs?

Sam: I started working in the fitness industry and became inspired by those around me. I learnt so much, I decided I wanted to turn my passion into a profession. It's a place I love to be and would like to help others enjoy the gym and exercise.

Sean: I was introduced to the gym by my dad at a young age. I loved passing on my knowledge to others so decided to make it my job! I love how many different avenues you can take with fitness and how they help people gain better health.

What benefits do people get from going to a gym?

Sam: Physical and mental fitness improves when going to the gym. This can help you become happier day-to-day. The gym is also a healthy social space for many people.

Sean: The benefits are endless! In general it improves your quality of life, from being able to get about and play with your kids or grand kids, to reducing the risk of illnesses, such as heart disease and osteoporosis, to simply feeling good and looking better! I could go on...

How can I get the most out of my gym membership with Fitness First?

Sam: Create a workout plan that works for you and that you enjoy, and that will keep you motivated to use the gym. Classes can also be a great tool to socialise and gain inspiration/motivation for the instructor and others in the class. We have a sauna and steam room for recovery and you can also train with a friend for free on a Friday!

Sean: Utilise all the facilities we have on offer, from a free induction to the equipment to the sauna and steam rooms. Treat yourself once a month to a trip to St Brelade's Bay gym with a view and a pool.

What's the best age to go to a gym?

Sam: Any age! Being more active and exercising at any age will bring benefits.

Sean: Whatever age you are, whether you see life as short or long, why not go through it healthier and able to do more?

I've never been to a gym before - how do you advise I get started and how can I prepare?

Sam: Come for a free trial and if you feel more comfortable bring a friend too. Perhaps try a class so you have an instructor to help guide and motivate you? Everyone that signs up is offered a free induction so make sure you sign up for this!

Sean: Book a free trial and induction to the kit. Try to get a plan together of what you want to do, the internet has a lot of free content (just be careful not to believe everything on there). If you want advice specific to you and for your technique to be checked, then invest in a personal trainer.

What is one key thing people should know about going to a gym?

Sam: Starting out in a gym can be intimidating but remember, people want to see you do well and at Fitness First, we're always here to help.

Sean: Don't be afraid to ask questions. Everyone started somewhere and probably had the same goal, to improve themselves.

What else is available at Fitness First?

Sam: We offer various classes for all levels of fitness, from yoga and pilates to our signature classes Shred and Trax which mix weights and cardio at high intensity! Members can take advantage of one visit per month to our sister club at St Brelade's Bay Hotel, where we have a sauna and steam room to help recover from that workout or that stressful day. Bring a friend to train on a Friday to keep you motivated. We also have an in-house masseuse and a number of PTs (personal trainers) that you can book in with at an extra cost.

Is working with a PT crucial for fitness success?

Sam: It's not crucial but it can be very beneficial. If you have a goal in mind they will be able to help you get there. Sometimes having that accountability and someone there to motivate you on an off-day can make all the difference.

Sean: No, but it definitely helps, I was training for years before I got a PT and then learnt more in the space of two years than I had in the previous eight! Working alongside other PTs has also help me develop my knowledge.

When will I start seeing results?

Sam: That's a million dollar question. If the result you're looking for is to feel better then this could happen almost instantly. For muscle growth or fat loss, this can take a little longer and will depend on a number of factors.

Sean: Yes body recomposition can take time, commitment and consistency, but starting to feel better about yourself and the energy exercise can bring you can be almost instant.

What else can I add to my lifestyle to reinforce the benefits of going to the gym? ?

Sam: Make sure you put in exercises that you enjoy, as this helps you keep to the program to get those results. Enjoy the feel good factor.

Sean: Good nutrition, move more day-to-day, do more steps or cycle rides etc. Get some good rest to help recover and try to reduce stress.

*Fitness First opening times are 06:00 to 21:00 Monday to Thursday, 06:00 - 20:00 on Friday, 07:00-18:00 on Saturday, and 08:00-16:00 on Sunday.

**There's Broadband
Fibre, then there's Smart
Broadband Fibre on the
Horizon...**

Choose our Smart fibre and you'll be connected to our own broadband network without needing a landline. No shared access with others, no nonsense and true value for money.

*Discover how
making the Smart
move to HomeNet
benefits you*

**Smart Fibre. Smart Speeds.
Smart Prices. From Smart HomeNet.**

 HomeNet

So, why choose Smart Fibre?

HomeNet is a local private telecommunications company who entered the market in the early 2000's and have a proven track record as a challenger brand to our competitors. No other telecoms company on Jersey can offer an alternative fibre broadband service like we do - they all just effectively 'piggyback' from JT.

Our primary focus is to provide affordable, smart fibre broadband without the need for a landline. Just smart, simple and affordable broadband fibre.

There are many other developments within St. Helier who utilise our network - we have complete broadband provision in Castle Quay, Victoria Place, Albert Place, Spectrum and Century Buildings, with other developments using our networks soon.

We are also the reigning 'speed king' of local broadband providers with the only option for independent fibre broadband that offers reliable speeds backed up with a reputation for excellent customer service and support.

Customers online security is our responsibility and keeping your data secure is our main priority. We ensure all our customers feel safe and confident when using our service.

Our team of local engineers maintain our network and also provide friendly, professional advice on how to get the best from our network, so that you don't have to worry about it.

“ No other telecoms company on Jersey can offer an alternative fibre broadband service like we do ”

Smart Home. Smart Fibre. Smart Move.

Now, that is smart!

There are a lot of smart reasons why you should choose HomeNet. Here's a few to get started:

✓ **Direct fibre connection into your apartment**

We have our own fibre network. So, unlike others, your fibre connection isn't shared with anyone else.

✓ **Most affordable broadband packages in Jersey**

With the lowest prices in Jersey, you'll be saving money without compromising on quality or service.

✓ **Super-fast speed and reliable connection**

With our own fibre connection, you get reliability and speed they can trust all the time.

✓ **Excellent customer support and service**

We're always available to talk to you to provide support and service when you need it.

Sign up now and get FREE connection and FREE local and UK landline calls

Scan the code to sign up now!

Our routers simply plug in, we issue you a password and bingo, you're online!
